

Program WC Streetfishing 2021, Utrecht

17 – 21 November 2021
Sportvisserij Nederland

Provided by: Sportvisserij Nederland

Dear participants,

I am very proud to send you this invitation to the 1st Street fishing World Championship in history. It is a great honor that the Netherlands can host this new event.

Street fishing has been a very popular competition discipline in the Netherlands for years now. Actively through the city to search for predatory fish, with light material and with the aim of catching as many centimeters of pike, perch and zander (pikeperch) as possible. A discipline that appeals to youth and is good for health. After all, you are on the move a lot!

With its city canals, the Netherlands has the excellent conditions to practice street fishing in the big city. The organization has chosen Utrecht for this world championship. Utrecht is the beating heart of the Netherlands, right in the center. There is a lot of competition venue possibilities, beautiful low quays and a good stock of fish. We therefore expect to be able to organize a spectacular 1st Street fishing World Championship in this city.

I kindly invite you to fill in the registration form in this document and participate in the 1st Street fishing World Championship in the Netherlands on 20 and 21 November 2021. We will welcome you with open arms.

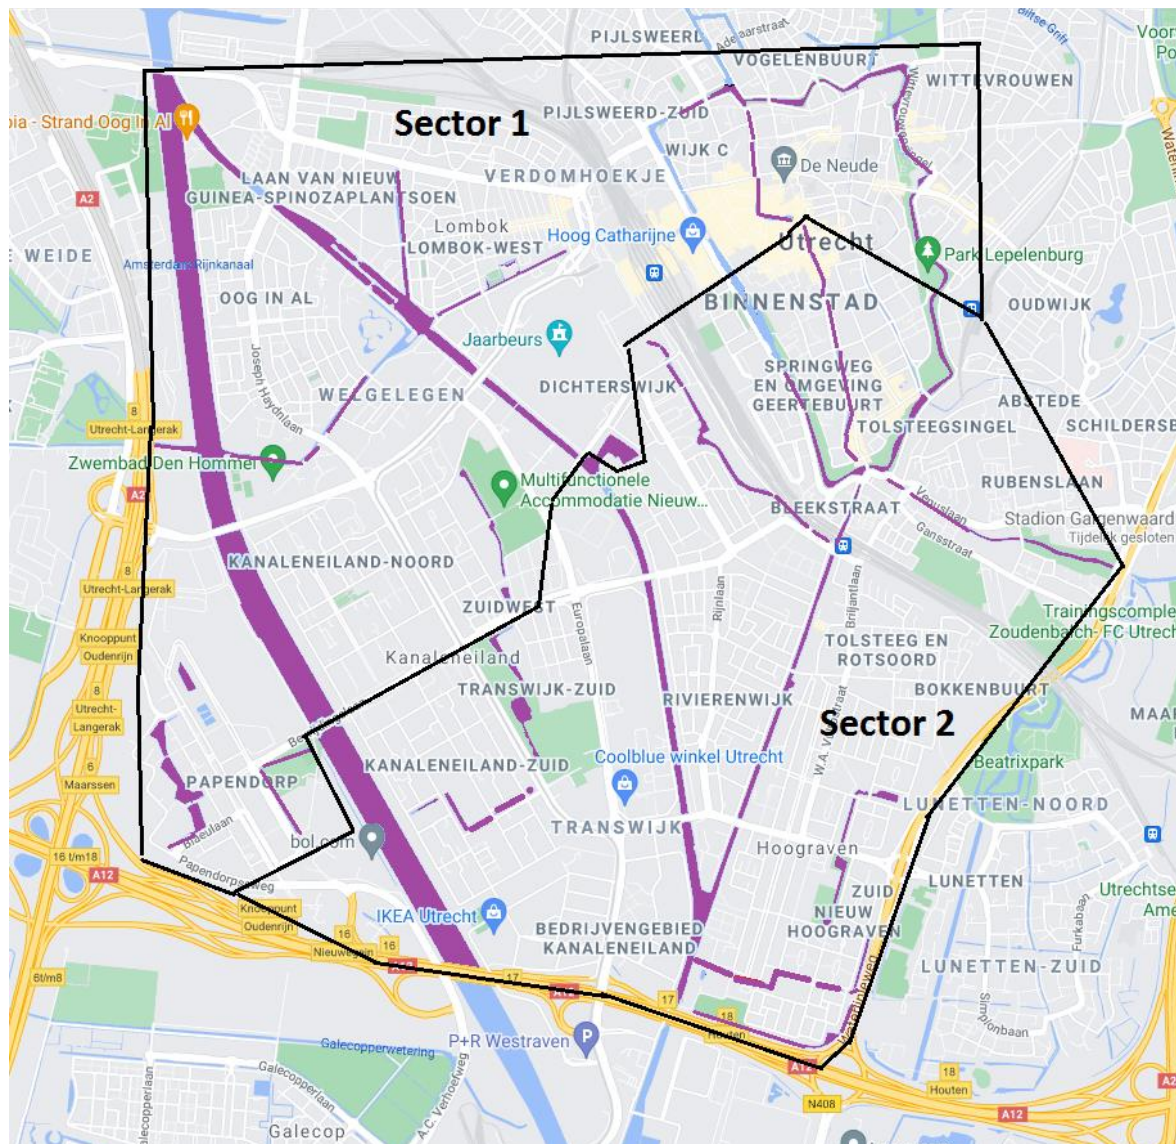

Marjan van Kampen
President of the Royal Dutch Angling Association

Venue:

The competition venue for the 1st Street fishing World Championship is in the canals of Utrecht. Below you can see a map of the competition venue. Fishing is allowed in the purple marked areas. The competition venue is divided into two sectors. During training it is allowed to fish in both sectors.

- Fishing water included
- Fishing water excluded

Types of fish:

There are three common predatory fish in the Netherlands that will determine the majority of the competition, these are: perch, zander/pikeperch and pike. There is also a category "other" which includes, for example, the following fish: asp, ide, flounder, ruffe and goby. During the team captains meetings we will decide which species will count during the competition days. Because we fish catch and release, undersized fish count too.

Perch	Zander/pikeperch	Pike
		

Lure:

The lure that can be used this 1st Street fishing World Championship must meet the requirements of the official FIPSeD rules. But in the Netherlands, we have some additional rules. This is because lead-free fishing is carried out throughout Utrecht. The excellent alternative to street fishing is tungsten. Sportvisserij Nederland provides a free lead-free package for every participating pair.

Lead-free set

Every participant will receive a set of lead-free alternatives which is specially composed for the location where the World Championship will be fished. The following items will be in this set.

Tungsten jigheads

- 4 pieces 2.6 gram, hook size 4
- 5 pieces 3.5 gram, hook size 1
- 5 pieces 5.3 gram, hook size 1/0
- 5 pieces 5.3 gram, hook size 3/0
- 5 pieces 7.2 gram, hook size 2/0
- 4 pieces 10.6 gram, hook size 3/0

Tungsten dropshot weights

- 3 pieces 5.3 gram
- 4 pieces 7.2 gram
- 3 pieces 10.6 gram

Tungsten bullet weights

- 4 pieces 5.3 gram
- 4 pieces 7.2 gram
- 4 pieces 10.6 gram

You will find a picture of these fishing sinkers on the next page.

Go to www.sportvisserijloodvrij.nl for more information about lead-free fishing and an overview of lead-free alternatives.

Travel:

The city of Utrecht is easy to reach by train or by car, and has an expansive public transport network. Schiphol Airport and Amsterdam are located only 40 kilometers away from Utrecht.

Main airports:

Amsterdam, Schiphol Airport	approx. 40 min. by car.
Rotterdam, Rotterdam The Hague Airport	approx. 50 min. by car.
Eindhoven, Eindhoven Airport	approx. 60 min. by car.

The train network is also very good in the Netherlands. Utrecht has a large central station from which you can easily walk to the venue. Utrecht train station is easily accessible from all over Europe.

National team registration:

All nations need to register at the Winkel van Sinkel (Oudegracht 158, 3511 AZ Utrecht) on Wednesday, 17 November 2021 between 15:00 and 18:00. Sportvisserij Nederland will be there to provide you with more information about the event.

The official address of the International Organization (F.I.P.S.ed etc.) and Sportvisserij Nederland during the first Street fishing World Championship will be:

De Winkel van Sinkel
Oudegracht 158

In case of cancelation in any kind due to Covid, all fees will be refunded.

Official opening:

The official opening ceremony and introduction of the national teams will be held on Thursday 18 November 2021 at 18:00. Participants, coaches and other attendees must be present at 17:30. We will keep you posted about the location of the official opening ceremony.

Official price giving ceremony:

The official award ceremony will be held on Sunday 21 November at 16:30 at the Winkel van Sinkel. There will also be a closing banquet for all participants, captains and guests. The closing banquet will take place on Sunday 21 November at 20:00 and we will keep you posted about the location.

Additional rules:

In good coordination with FIPSeD, there will be some exceptions/changes to the official FIPSeD rules during the first Street fishing World Championship. These changes are shown here:

- The venue will be divided into two sectors so that the pairs fish each competition day in a different sector and not against compatriots. The sections will not be physically marked off with ribbon.
- We use the ScoreFishing application to administrate the results of this championship. We will give every pair free access to the ScoreFishing application. In this application we record the sections so that the participating pairs (and also the organization) can see online exactly where they are allowed to fish and the exact location of the caught fish (photographs). This software uses centimeters instead of millimeters. From half a centimeter is rounded up. Information about the app will be send later on.
- One leg (competition day) lasts for 5 consecutive hours without interruptions and without signals. Each pair will have 30 minutes to find the right fishing spot in their sector before the competition starts.
- Within the sector we release the pairs freely to search – in a dynamic way – for predatory fish.
- Every pair will get their own steward, so a video of releasing the fish is not necessary.
- **In the context of animal welfare, we organize this competition with a quota (each leg) so that not every fish caught has to stay above water (photographed) for an unnecessarily long time:**
 - o **the 5 biggest perch**
 - o **the 3 biggest zander/pikeperch**
 - o **the 2 biggest pike**
 - o **and the 3 biggest “other” fish**
